

Hosting Services

At Milk we offer secure and reliable hosting with 99.9% uptime. We specialise in hosting for open source content management systems such as;

- Joomla
- Mambo
- Drupal

- Wordpress

We like to build bespoke hosting packages for our clients to ensure you only pay for the data and bandwidth you will use. Our standard hosting packages come with the following features:

- 99.9% uptime
- Unlimited Email Accounts
- POP3 email with webmail access
- Cpanel

- Daily Back Ups

We also offer hosting reseller services which are branded as you wish, to discuss your hosting needs please mail us or call 0845 094 9167.
